

The CX35E+Opt92 Scale is a semi-auto, gear driven, heavy duty machine with a built in scale, that takes the hard work out of slicing.

Model

CX35E+Opt92

Semi-Automatic Gear Driven Slicer

Heavy Duty; Gear-driven; Semi-Automatic operation

Model CX35E +Opt92 Semi-Auto Gear Driven Slicer

CE Approved

The CX semi-automatic gear driven slicers' speed can be varied to suit the product. Perfect slicing can be achieved for all products. The large capacity meat carriage enables even the largest pieces to be sliced effortlessly.

Continuous daily use demands a powerful slicing machine. Two high performance fan-cooled motors drive the blade and carriage. In the case of the blade motor, drive is transferred by an extremely strong gear set straight to the blade, resulting in a very powerful slicer.

Opt92 – The Slice Counter and Programmable Portioning Device produces accurate portions repeatedly at the push of a button.

- Variable Speed Automatic Carriage**
 45 - 100 slices per minute allows the operator to slice at a speed to suit the product.
- Gear Drive**
 Direct drive - very powerful heavy duty slicer.
- Two Independent Fan-Cooled Motors**
 High performance motors that increase efficiency and reduce wear and tear.
- Low Voltage Switches**
 Safe for operator, reduced voltage switching (24 volts).
- Large Cutting Capacity**
 Slices Champagne ham, soccerball ham, roasts and silverside.
- Shaving Meat**
 Load the meat, press a button, and meat is shaved automatically. Save time and money.

SPECIFICATIONS

Blade (mm)	350
Motor	240V single phase, 50Hz, 450W
Dimensions WxDxH (mm)	680 x 760 x 620
Opt92 Attachment Incl. Attachment Arm	
Dim: WxDxH (mm)	160 x 35 x 90
Slice Capacity	
Rectangular (mm)	250 x 190
Circular/Diameter (mm)	250
Max. Slice thickness (mm)	14
Net weight (kg)	60
